Risk Statement

Liv-ex provides a logistics service to facilitate the settlement of trades. All services are provided on a best endeavours basis. While we are proud of the quality, accuracy and efficiency of the services we provide; owning, storing and transporting fine wine carries risks and is not immune to human error.

Liv-ex offers a range of services, including third party insurance, to help you mitigate and manage these business risks. However, this document should not be mistaken for a guarantee or to imply that Liv-ex is underwriting your business risks. These lie with you at all times. Unless specifically stated that a risk is covered, we suggest that you assume that it is not. The United Kingdom Warehousing Association ("UKWA") and British International Freight Association ("BIFA") terms and conditions are incorporated into the Membership Terms. Our liability is limited in accordance with the Terms.

Liv-ex Insurance

We offer a three-tiered insurance policy. Please read the below options and the [Key insurance facts](#) carefully so that you can choose which cover is best for you. Please read our insurance policy for more information.

Option 1: No insurance

To opt out of insurance, please contact your account manager.

Option 2: Standard insurance (default option)

- **GBP:** £15.00 per month policy fee plus 0.0325% of average monthly stock value.
- **EUR:** €18.00 per month policy fee plus 0.0325% of average monthly stock value.
- **USD:** \$21.00 per month policy fee plus 0.0325% of average monthly stock value.
- **HKD:** \$162.00 per month policy fee plus 0.0325% of average monthly stock value.

Option 3: Premium insurance

- **GBP:** £15.00 per month policy fee plus 0.0425% of average monthly stock value.
- **EUR:** €18.00 per month policy fee plus 0.0425% of average monthly stock value.
- **USD:** \$21.00 per month policy fee plus 0.0425% of average monthly stock value.
- **HKD:** \$162.00 per month policy fee plus 0.0425% of average monthly stock value.

A basic example of our premium insurance can be found below (USD):

1. Your cellar has an average monthly value* of \$1,000,000. Maximum settlement in the event of a total loss would be up to \$1,500,000.
2. In the event of a partial loss i.e. \$1,000 according to the Liv-ex market value, there is a 50% uplift, so the claim would be up to \$1,500.

*All valuations are to the Liv-ex market value at the time of incident/loss. In any event, the claim would be no greater than the loss suffered. Where a claim is made under the Premium insurance for more than the Liv-ex market value, you will need to provide evidence to justify the increased amount.
