

Wine Market Analyst

Location: London with some flexible working

Competitive salary dependent on experience. Company performance-related bonus, healthcare insurance & wellbeing benefits.

A unique and exciting opportunity for a data-driven, enthusiastic individual who can analyse trends in the global wine market.

Liv-ex is the global marketplace for the wine trade, with over 500 members worldwide. We offer business services that span trading, data, fulfilment and automation technology to a diverse group of wine businesses – from ambitious start-ups to established merchants.

Our goal is to make fine wine trading more transparent, efficient and safe for the benefit of our members and the market as a whole. We are hard-working, committed yet informal, energetic and action oriented.

Founded in 2000, Liv-ex has grown to serve a growing number of merchant members with a broadening range of services. We help clients and other stakeholders to better understand the fine wine market and identify opportunities to profit.

Summary Purpose

The Wine Market Analyst will use Liv-ex data to analyse trends in the global wine market. The role holder should be intellectually curious and able to turn research findings, Liv-ex data and industry knowledge into commercial insights our members can act upon.

Responsibilities

- Update charts showing trade on Liv-ex that the Exchange and Sales Teams use each month.
- You will work alongside the Mid-price team in the calculation of all daily/monthly/ad-hoc Liv-ex Indices – which are the global benchmarks for Fine Wine and are used by both Bloomberg and Reuters.
- Provide data for our daily 'Market Updates' and weekly 'Talking Trade' posts, that summarise market activity on Liv-ex, and market data for our monthly 'Market Report'; with the goal of contributing written analysis as well.
- Handling data requests within the Insights team and developing new market leading insights.
- Collecting release price information; tracking and analysing the change in prices.

Knowledge, Skills and Experience

Essential

- A bachelors degree (Economics preferred)
- A strong understanding of SQL/MySQL or equivalent database language
- Strong mathematical and analytical skills
- Excellent MS Excel knowledge with previous experience using pivot tables, formulas, index matches (VBA knowledge a plus)
- A strong data background with the ability to work independently
- Strong written English
- Detail orientated with an emphasis on creating and examining processes

Desirable

- Knowledge of the fine wine market
- Power BI – creation and maintenance
- Familiarity with:
 - Hubspot
 - Wordpress
 - Qlikview/QlikSense

Attributes

- Strong communicator at all levels, a real team player – able to build productive and effective working relationships with the broader team
- Committed and hardworking, driven to succeed
- Enjoys a fast-paced environment and can initiate positive change
- Intellectually astute and confident
- Excellent attention to detail
- Enjoys working with others in a small team and developing new ideas

Applicants to contact Lana Jeffers (lane@middletonjeffers.com) if interested in applying for this role.
